1 May 1956

Dear Bill:

We are planning to activate Detachment B at the Ranch on or about 7 May 1956. At this time the Commanding Officer of Detachment B would assume administrative and operational control of his unit and its assigned personnel.

As was done in the case of Detachment A, we would appreciate your early identification of your personnel who will be assigned to Detachment B. As these personnel are identified and placed under your supervisor for Detachment B, we would appreciate your advising the Detachment B Commanding Officer at the Ranch while, at the same time, notifying our Headquarters.

Sincerely,

SIGNED

Dick
